## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see Remarks, filed 03/02/2009, with respect to Himmelstein (US 7,080,050) have been fully considered and are persuasive. The 35 USC § 103 rejection of claims 1-3,5-14,16-19,21-23 and 27-37 has been withdrawn. Applicant has cancelled claims 9, 10, 17, 18 and 20, hence claims 1-6, 8, 11-16, 19 and 21-37 are pending in the application and are presented to be Examined upon their merits.

### ***Allowable Subject Matter***

2. Claims 1-6, 8, 11-16, 19 and 21-37 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art of record was Himmelstein. Himmelstein discloses that a security that is the subject of a Himmelstein Option may be held in escrow to ensure that a barterer acquiring a Himmelstein Option has a complete assurance that their right of ownership is guaranteed should they exercise it at a future date.(see Himmelstein, column 20 lines 51-55). Further, Himmelstein discloses that the matching process operates as a filter, where the filter is set to match selected item to be acquired, item to be bartered, the quantity of the item, or item classes. (See Himmelstein, 6:65 - 7:11). Thus, with regard to independent claims 1-3, and 32, Applicant respectfully submits that Himmelstein does not teach or fairly suggest, "a financing institution coupled to said processing engine, and operating to receive said funding detail file and to fund acquired assets and transfer to escrow proceeds from the disposition of relinquished assets based on the funding detail file", nor does it teach or fairly suggest, "a set of parameters specifying criteria for use by said

processing engine to produce particular like kind exchange combinations, wherein said set of parameters includes a comparison tolerance parameter for a tolerated difference in value of the relinquished assets and the acquired assets."

With regard to independent claim 16, Applicant respectfully submits that Himmelstein does not teach or fairly suggest, "instructing a financing institution to fund acquired assets and transfer to escrow proceeds from the disposition of relinquished assets," nor does it teach or fairly suggest, "performing a like kind exchange based on a set of parameter settings, wherein said set of parameter setting comprises a comparison tolerance parameter for a tolerated difference in value of the relinquished assets and the acquired assets."

With regard to independent claims 31,33 35, and 37, Applicant respectfully submits that Himmelstein does not teach or fairly suggest, "instructing a financing institution to fund acquired assets and transfer to escrow proceeds from the disposition of relinquished assets," nor does it teach or fairly suggest, "selecting by a processing engine assets in said datasets eligible for said like kind exchange based on a set of parameters, wherein the combination of assets comprises relinquished assets and acquired assets and said set of parameters includes a comparison tolerance parameter for a tolerated difference in value of the relinquished assets and the acquired assets." Thus for the following reasons, claims 1-6, 8, 11-16, 19 and 21-37 are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIEL S. FELTEN whose telephone number is (571)272-6742. The examiner can normally be reached on Flex.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Dixon can be reached on (571) 272-6803. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
